The Free Independent Job Vacancy and News Bulletin For
Cardiology Technical Staff

Brighton and Sussex
University Hospitals
NHS Trust

Brighton and Sussex University Hospitals NHS Trust is one of the leading teaching trusts in the country, providing general and specialist acute hospital care for more than a million people, working over two main sites in Brighton and Haywards Heath. This is an opportunity to join our team of enthusiastic and motivated physiologists, working in a Tertiary Cardiac Centre providing cutting edge care and treatment for patients in the South East of England. The BSE Departmentally Accredited echo department provides routine and specialist echo services, including 2D and 3D TTE, stress echo, contrast echo and 2D & 3D TOE. The department is one of the first in the country to offer physiologist led TOE and contrast echo services, and works hard to encourage the development of its staff. The busy multidisciplinary team within the Cardiac Cath Labs provide angiography, advanced diagnostic angiography, PTCA, PFO/ASD/VSD closure, TAVI and MV interventional procedures, and are consistently moving forward with cutting edge and exciting technology. There is a dedicated EP and pacing lab providing basic and advanced EP, including VT and AF ablation, with a newly appointed 2nd Consultant Cardiologist in EP, and a well-established pacing service, including CRT and ICD implantation and follow up.

Senior Cardiac Physiologist

Band 6: £25,528 - £34,189 per annum

Job Reference: 379-JAN586-12

This is an opportunity for a qualified Physiologist to join our team, you will need to be able to work independently in the cath lab for angiograms and pacemaker implants, perform pacemaker checks and basic echocardiograms as well as non-invasive procedures including ambulatory monitoring and exercise tests. Further training will be provided as necessary.

Chief Cardiac Physiologist

Band 7: £30,460 - £40,157 per annum

Job Reference: 379-JAN587-12

This is an opportunity for a Physiologist with experience at band 6 who is looking for greater responsibility and perhaps looking to specialise in a specific area whilst still maintaining all round skills. Posts in the Trust are subject to the Rehabilitation of Offenders Act (Exceptions Order) 1975 and as such it will be necessary for a submission for Disclosure to be made to the Criminal Records Bureau to check for any previous criminal spent and unspent convictions, reprimands, and cautions. Please note that appointment to this role will commence at the lowest salary point unless confirmed otherwise during the interview process.

To apply for either of the above posts, please visit our website www.jobs.nhs.uk and search for the relevant job reference number. Closing date: 12 February 2012.

**THE BEST PEOPLE IN
HEALTH AND SOCIAL CARE**

The 8th Course on

"Managing Patients with Implantable Cardioverter Defibrillators"

*organised by
Professor Richard Schilling and Dr Simon Sporton*

18th – 19th April 2012

**St Bartholomew's Hospital
Robin Brook Centre
West Smithfield
London EC1A 7BE**

This is a two day course aimed at Clinical Physiologists, GPs, Nurses, SpRs, and all other health care professionals invested in this exciting field of medicine based in the Robin Brook Centre of St Bartholomew's Hospital.

The course aims to provide participants with a working knowledge of Implantable Cardioverter Defibrillators and the safe management of this patient group.

There will be an assumed basic level of knowledge of ECG rhythm recognition.
