The Free Independent Job Vacancy and News Bulletin For
Cardiology Technical Staff

The UK's leading healthcare recruiter

Permanent Band 8 Invasive / Devices Specialist

Salary: £34,000-£46,000pa. (depending on experience) Hours: 37.5 hours per week Location: East of England

We are currently seeking a band 8 invasive/devices specialist to work in one of the UK's leading academic hospitals. As chief-technician for invasive cardiac services you will be performing Left/Right Heart Catheterisation, Brady Pacing/Complex Device Implant, basic EP studies, angiography, producing comprehensive pacemaker/ICD outpatient follow-up services, including device interrogation and programming. You will also be responsible for the management, supervision and training of junior technicians, managing clinic size and staffing, maintaining accurate paper and electronic records.

Locum Band 6 Sleep Technologist

Salary: Negotiable Hours: Full Time Location: Central London

HCL are actively seeking a band 6 Sleep Technologist, based in a busy and well know Central London Hospital to cover the early stages of maternity leave. This is an immediate start for an initial period of one month with a review for possible extension. Key duties and responsibilities include Polysomnography (with/without EEG) set-up, Polysomnography (with/without EEG) scoring, Oximetry out-patient clinic, Oximetry/capnometry downloading and reporting. Candidates who can do more than 0.5WTE will be considered as some basic training can be given.

Locum Invasive Cardiac Physiologist

Salary: £36-£39.00p/h Hours: Full Time and On Call Location: South East England

Our well renowned client based in the South of England is looking to recruit an experienced Invasive Cardiac Physiologist for an exciting role working with some of the most advanced cardiac diagnostic equipment. The ideal candidate should currently work in CRM, leading ICD clinics, be confident to make programming changes independently and able to deliver manual therapy for the following manufacturers: Medtronic, Boston, St Jude, Sorin and Biotronik

GE imagination at work

THIS IS YOUR CHANCE TO CHANGE THE PACE OF YOUR CAREER.

The Cardiology Department consists of three Cardiac Cath Labs and full non invasive facilities. We have been steadily expanding over recent years achieving a high profile within the organisation due to our provision of excellent standards of patient care and delivery of a first class service to consultant cardiologists. We provide a wide range of invasive and non-invasive procedures including adult cardiac catheterisation, PTCA and Stent procedures, Rotablator and Electrophysiology studies including 3D Mapping systems, RF and Cryo ablations, PFO/ASD closure, TAVI, Pacemaker/Bivent/Defibrillator/Reveal implants, Transoesophageal and Stress Echos, pacemaker clinics for brady, tachy and biventric.

HIGHLY SPECIALISED CARDIAC PHYSIOLOGIST

EP (equivalent to Band 7)

Quote Ref: 001/5410/SCT

We are seeking a highly motivated, experienced and enthusiastic Cardiac Physiologist to oversee the running and further development of the Electrophysiology service. You will have experience in all aspects of electrophysiology including 3D mapping, and will be looking to further develop your management and teaching skills; this is a rare opportunity to move up the ladder. You must be self-motivated, well organised, have excellent interpersonal skills, and have the ability to prioritise and use your own initiative. A willingness to participate in the on-call rota is important.

You will have a BSc (Hons) Degree qualification in Cardiac Physiology or equivalent and proven post-registration experience including experience as a Senior Cardiac Physiologist. You should have or be entitled to RCCP registration.

Support will be provided to maintain and enhance your skills through attendance of courses and conferences.

For further information or to arrange an informal visit please contact Ruth Altmiks, Cardiology Manager or Peter Eades, Lead Cardiac Physiologist on 020 7483 5361 or email ruth.altmiks@hcahealthcare.co.uk/peter.eades@hcahealthcare.co.uk

To apply please visit www.hcarecruitment.com or call the Human Resources Department on 020 7483 5305 quoting the appropriate reference number (001/5410/SCT).

In this post you will have the opportunity to develop additional skills and extend your clinical role within the team. In addition, we offer very flexible working arrangements, competitive salary, private health insurance, critical illness cover, pension scheme and accommodation.

Closing date: 30 November 2011.

This post is exempt from the Rehabilitation of Offenders Act 1974 and the successful candidates will therefore be required to apply for a standard or enhanced disclosure.

HCA is committed to equal opportunities in employment.
